## COACH SHAUGHNESSY EXPLAINS IMPORTANCE OF GOOD ROOTING

Only two days remain in which to develop team work among the Rooters who are to support our Football Team at the big game on Saturday. It is essential that the Student Body feel the necessity of giving their team the best possible support along this line; and this can only be accomplished by swelling the membership of the Rooters' Club to its limit.

Every effort is being made on the part of the organizers to make the Rooting Club an important force in helping the Team to beat Toronto, and the extent of the service which they can render is brought out in the following message from Coach Shaughnessy to the Students of McGill on the eve of what will probably prove to be the most important game of the season:—

From previous experience, I know that a good Rooters' Club is absolutely necessary to produce the proper "McGill spirit" in the team. I can merely instruct the boys in the mechanical part of the game. The old fighting spirit is the big thing and the Rooters are the boys to produce that. Show them you are with them to the end and they will do their part.

The football team does a lot for the University. The boys go through a strenuous campaign of hard knocks, discipline and strict dieting. Also commencing next week the boys are to start drilling each evening after practice, so that if their country calls upon them, they will be ready to properly respond. I think it is up to the Rooters to come out heart and soul for these boys.

p.m.

## ROOTERS DO WELL UNDER NEW LEADER

McGill "M" Will Be Much in Evidence at Saturday's Game On Campus

The McGill Rooters' Club got well under way last night when 200 lusty voiced students ran through the parades and songs with a gusto. Frank Common, the leader, has introduced a good deal of " pep" into the cheering, and the Rooters' Club will be a large force in reserve upon which the football team will be able to fall back for support. The outline of the plans for Saturday afternoon were divulged last night. The band will lead the Rooters' Club to the Union, where Shag Shaughnessy and the senior team will fall in four abreast behind the band, supported by the Rooters' Club, and march to the grounds. The four to the grounds will be made before the usual bleacher seats are occupied.

Arrangements will be made to form a McGill "M" and it is hoped that it will be possible to obtain 500 seats for all those who attend the next two practices.

Another practice will be held to-night at 7.30 at Strathcona Hall. All those interested in the team's welfare should be present to practice the new catch air which will constitute an interesting part of Saturday's game.

## SUCCESSFUL BAND MEET.

Fine Showing Made in the Union Last Night by Large Attendance

Last night in the Assembly Hall of the Union was held the most successful meeting of the College Band since it was first organized. The attendance was much larger than expected and the greater number of the men present being old timers at the game. Many selections were played under the direction of C. R. Gibbs, who was optimistic over the show made by the band. A meeting has been decided upon to take place on Friday afternoon at 4.15 at Strathcona Hall. The members are requested to bring their instruments, as there will be a march out to practice playing on parade in order to get ready for Saturday's game. The route will be through the College grounds, up past the Royal Victoria Hospital, and down by University street to the Hall. Many new pieces are being practised and by Saturday the band will have a fine repertoire of tunes to keep the Rooters' Club singing.

## Futurities

### FRENCH CLUB

A meeting of the executive of the French Club has been called for Thursday at 4 p.m. in the Union.

### MARITIME CLUB

Meeting of the Executive of McGill Maritime Club on Thursday evening at 7 p.m. at Strathcona Hall, to discuss matters for the present year. Will every member deem it his duty to be on hand.

### B. O. KINNEY, President.

### EDITORIAL BOARD

A meeting of the Editorial Board of McGill Annual 1916 will be held at the R. V. C. at 8 p.m. on Thursday evening. All members are requested to be present to discuss some important matters.

### CLASS MEETING '17

There will be a class meeting of R. V. C. '17 on Thursday, October 8th, at one o'clock in the English Room of the R. V. C., to elect officers for 1914-15.

### HANDBOOKS

One hundred McGill handbooks, printed by the Y. M. C. A., and containing much valuable information, will be on sale on the R. V. C. this week for ten cents (10c) per copy.

### RECEPTION

The annual Freshman reception of the Y. W. C. A. will be held in the common room of the R. V. C. at four o'clock, on the afternoon of Wednesday, October 14.

### PERMISSION

It is requested that permission for the use of the Strathcona Hall for meetings be obtained before announcing them, in order that hours that will not clash with other arrangements can be arranged.

### SOCCER MEETING

There will be a meeting of the Soccer Club in Strathcona Hall Thursday evening at 7 p.m. Important business.

### T. J. McVITTIE, President.

### McGILL ORCHESTRA

The practice of the McGill Orchestra, announced to take place this evening, has been postponed until the following Thursday. Time will be announced later.

### McGILL BAND

Friday afternoon at 4.15 at Strathcona Hall the McGill band will assemble for practice.

### R. V. C. '18

A class meeting of R. V. C. '18 will be held at one o'clock in Room 12 of the R. V. C. Business: 12:30.

UNDERGRADUATE MEETING. A most important meeting of the Undergraduate Society of the R. V. C. will be held in the Common Room on Friday, October 9th, at one o'clock.

Johnny Ryan, the little fellow whose deadly tackling was a feature of the playing of the St. Michael's team last fall and who is this season a candidate for a position on the University of Toronto senior team, received a wrenched knee in practice and may be out of the game for the season.

## FRESHMEN ARE GIVEN RECEPTION

Deans Birkett and Adams Relate Some of their College Experiences

"I think that you men to-day are particularly fortunate in having about you influences for good, and I hope that you appreciate what your seniors are doing for you," said Dean Birkett to the Medical and Science Freshmen at the Hall last night in a speech that was replete with good advice for students, especially Freshmen.

Dean Birkett went on to compare the advantages that present-day Meds. have over those of his student days. Thirty-two years ago, the evenings were spent with the spirits of the corpses in the dissecting room. Work, and hard work, was the order of the day. The Dean urged them to do the best they could while studying, not to neglect athletics and other college activities. In conclusion, Dr. Birkett gave a most cordial welcome to the Medical students who are entering McGill at this time.

Dean Adams, of Science, prefaced his remarks by congratulating the Medical students on having so distinguished a man as Dr. Birkett as Dean of their faculty. He proceeded to outline the progress of Strathcona Hall. At first it was a ladies' college, and was a continual object of interest to the students. Subsequently, the property passed into the hands of the Y. M. C. A. authorities, and finally, under the leadership of George Irving, the present building was erected.

Turning from this subject, Dean Adams dwelt upon questions of more moment at the present time, and narrated his own personal observations of Prussian despotism. During his college days in Heidelberg, he had noticed the gradual change in sentiment on the part of the Germans towards the English. This finally became almost unbearable, and was the origin of the present outbreak.

"The question at issue to-day," declared the Dean, "is not one of France against Germany, but as to how the civilized people of the world are to live."

As for the rest of the programme, it was very much along the lines of the previous evening. Frank Common and Mr. Osborne rendered comic selections. A. G. Dewey gave a solo, and Mr. Corbett recited "Johnny Courteaux."

Short speeches were given on various college activities, and at the end refreshments were served, bringing to a close a most enjoyable evening.

## NORMAN McCAHEY THE NEW SECRETARY

Member of Science '16 Returned As Officer of Undergrads' Society

At an election held yesterday to select a secretary for the Undergraduate Society of Applied Science and also to choose a representative from Science '17, Norman McCahey, '16, was returned to the first office, with James Shanley as representative from Science '17. Both were elected by acclamation. The attention of all Science students is called to the business meeting to be held on Friday evening in the Chemistry building.

## ELECT NEW OFFICERS FOR R.V.C. JUNIORS

The first meeting of the class of R. V. C. '18 was held yesterday at the R.V.C. with the past president, Miss Mabel Corner, in the chair. After some routine business was completed, nominations were called for the new officers for the present year.

The following were elected:— President—Miss Marion McCall. Vice-President—Miss Helen Fraser. Representative Vice-President—Miss Mary Currie. Secretary—Miss Olga McCallum. Representative to Societe Francaise—Miss Weinfeld.

The resignation of Miss Paterson-Smyth from the editorial board of the Annual was received with much regret. By a unanimous vote Miss Grace McDonald was appointed in her place. The meeting then adjourned.

## SPECIAL CLOTHES FOR COLLEGE MEN

No doubt the College Men are keen critics of clothes. They want smart, new styles that look well, fit, and wear well.

We have a special variety of new and exclusive Fabrics and Fashions in Men's Clothes.

The stylish, well cut, distinctive Suits that we make—in any style you prefer—are up-to-date. The wear is there; we dictate styles too, because every garment we make is modeled on the most recent New York fashions—and New York is acknowledged to be the Centre of Fashions.

Come in and leave your trial order and you will always deal here.

**FALL SUITS, OVERCOATS & BALMACANS FROM \$18.00, SATISFACTION GUARANTEED.**

"The Fifth Avenue New York Tailor,"  
350 BLEURY STREET,  
Near Imperial Theatre.

## OVERSTOCKED

**\$45,000**—Fresh stock, consisting of Boots, Shoes, Rubbers, Slippers and Gaiters for Men, Women, Boys, Girls and Children offered less 20% discount for 10 days only. This is all our own stock; no job lots, samples or bankrupt stock. Shoes made expressly for us by the leading Canadian and American manufacturers. Everything is new and up to the minute.

## Sale Starts Thursday Morning, 9 O'clock

Come early and make your selections. You can get everything in Footwear here. Bring the Boys, the Girls and the Infants, we'll try and fit one and all. Buy your supplies for the next 12 months to come. This is a rare opportunity. You'll never again see merchandise of a high standard as ours offered less 20% discount in the height of the season.

No charges, C. O. D. or Phone orders during this Sale.

**LYON SHOES LIMITED** St. Catherine St. West  
Cor. Mansfield

Preferred by College Men

What's the use of paying more than you have to, to get the best?

That's the college man's attitude toward clothes. It's the viewpoint that explains why so many prefer Progress Brand.

You can pay twice the price of Progress Brand suits or overcoats, but you can't get better fit, style, cloth or tailoring. You can't get better looks or longer wear.

Come in and we'll prove it—by showing you the handsomest display of new fall models—\$15 to \$35—than you'll find anywhere.

## POPULARITY

It is a peculiar as well as an exceedingly unwise, circumstance that finds nearly one-half of the student body to be what might be termed non-office bearers. Thus we encounter some men labouring under the burden of a dozen activities and others without any responsibilities which they may call their own. The result is that we have a most discouraging duplication of men and activities. Surely this is a situation that deserves attention. The classes and societies show a lack of courage of original insight and selection, seemingly preferring to take no chance of public disapproval by the introduction of new blood into the circle. It chooses rather to invite the man who has already received the stamp of campus favour, and the unhappy individual either from an over-selfish ambition or a lack of courage to refuse, accepts. This type of man is smothered by elections while another, worthy and able, has been denied all recognition, and the organizations suffer because their leaders have exhausted their ideas or have too many other duties.

If the situation in the campus activities were ideal every undergraduate would have some sort of a participating "outside" interest. Everyone would have at least one responsibility, a responsibility that would sober his thought and actions, that would make him forget his own private interests for a moment, that would lose him in a cause, that would engender in him a deep and genuine loyalty. These are the results of a sincere part in campus life. We learn to cultivate the intangible stuff we call "College Spirit."

The distribution of college offices would have a widespread effect. It will be of undeniable advantage to the students who at present "eat, sleep and study," with very little of the first two, to those who untamed by responsibility let all such cares as study go to the winds and will lift the irksome and perhaps the unsuitable yoke from the shoulders of the "popular boys." Lastly, it will aid the undergraduate bodies, and the Universities' welfare will be cared for in greater proportion for every student will be a part of McGill and McGill a part—and a large part—of every student.

## FULL TURNOUT IS REQUESTED

For Seconds and Thirds This Afternoon—Thirds to Play St. Lambert's, Saturday

A full turn-out of the men who have been trying for places on the second and third teams is expected by Coach McEwen this afternoon. These men missed a practise yesterday, and as it is very necessary that they should get into condition as soon as possible their coach has perfectly good intentions of keeping them hard at work until their first game a week from Saturday. The third team, however, have a match against St. Lambert's this coming Saturday, and with the material there is in hand at present, great difficulty is sure to be found in picking the fifteen or sixteen men who are to be taken over to the other bank of the river. The first game that the second team plays is against Queen's seconds on the 17th of the month, that being an open date for the first team. The junior aggregation also will have a match on the campus on that date, as MacDonald are scheduled to play here then.

Great enthusiasm has been shown so far this year, and the turn-out of men who hope to catch places on these two teams has been most gratifying to the football executive and the coaches. Another hard practise will be held today, at which a line-up against the seniors will take place. Several men on the second squad have shown considerable promise, and as most of last year's intermediates have left the University, there is plenty of opportunity for the new men to catch places on the team. On Tuesday afternoon the seconds managed to hold the seniors fairly well, and judging from the brand of football displayed by the intermediates on that occasion, it ought to be possible to pick a fairly strong second organization to represent the Red and White on the gridiron this fall. At the practises from now on time will start to be used on the seniors, as he cannot keep track of thirty or forty men, who are all in the same squad.

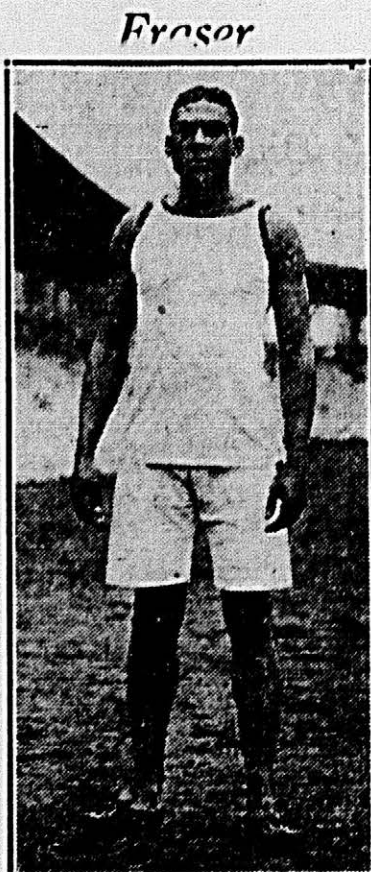

**MEDICAL EXAMINATION.**  
The McGill Senior Football members are advised that Dr. Harvey will be in the Music Room of the McGill Union from 12 to 1, and from 4 to 6, today.  
Those who have treated the matter of examination lightly in the past are warned that they might be prevented from playing Saturday, if they do not fulfil the University regulation in this regard.

## CLOSE GAMES IN TENNIS TOURNAMENT

The first games in the tennis tournament were played yesterday. The results in many of the games were close, and much good play was noticed.

Newsam and Harshaw had a three-set match, Newsam taking the first by a score of 6-3. Harshaw won the second after hard, close play, 7-5. Newsam won the final set by a score of 6-2.  
Dempster and Llonals had a hard-fought game, from which Dempster emerged the winner 6-2, 7-5.  
Taylor had a comparatively easy game with Quinn, which was noticeably off in his driving game.  
In the Freshman singles, Branch won handsily from Walsh, while Merritt won from Womham. Hardman and Creaghan completed their first set, but had to withdraw on account of darkness.

To-morrow's draw is as follows:  
Freshmen singles—Parling vs. winter; Sutherland vs. winner Creaghan-Hardman; Ross vs. Rutherford; Branch vs. Merritt.  
Club singles—Greene vs. Hibbard; MacNaughton vs. LaViolette.  
Mr. Harold Skeete appeared on the courts for the first time this season, and got in some practise. Skeete will make a valuable man for the Inter-collegiate team.

Who promises to show up well in Track Meet

## PRACICE GAME WITH MONTREAL REVEALS CHAMPIONS OFF COLOUR

Although McGill Captured Long End of Score in Encounter With Winged-Wheelers, Showing Made Was Disappointing

RED AND WHITE BACK LINE FUMBLING CONTINUALLY

Selection of Suitable Men For Outside Wing Positions Is Causing Shaughnessy Considerable Trouble—Line Is Weak In Tackling

For about three-quarters of an hour on the campus yesterday afternoon the McGill and Montreal fourteens "fired up" against each other in one of the stiffest workouts seen here this season, with Coaches McEwen and Shaughnessy officiating. Throughout the set to the two coaches took the opportunity of handing out advice to the players, and both aggregations should benefit as a result.

The encounter was more in the nature of a practise than a game, there being no account taken of the number of yards made on each down. As an indication of the play, however, the score, which at the finish stood 11 to 5 in favor of McGill, is a fair criterion. For the greater part of the time the ball remained in Montreal territory, and had it not been for several costly mistakes on the part of the McGill players, it is doubtful if the Winged-Wheelers would have done any scoring. This, however, was due not so much to the strong game played by the Red and White, as Shaughnessy's team was decidedly off color, but rather to the fact that McEwen was forced to line up a much weaker aggregation than that which faced McGill on Saturday.

A large crowd of students and football fans from the city, the majority of whom expected to see McGill romp away with the weakened Montrealers, turned out, and the poor showing made by last year's champions was a great surprise to most of them. The back division appeared to least advantage during the afternoon, several costly fumbles being made, while on some of the line plays and outside kicks, the

members of the backfield usually managed to be just where they were not wanted. Seath, who put up a good exhibition on Saturday, fumbled continually, but had he immediately fallen on the ball would have saved the situation. This he did not do, however, and as a result the Montreal outsiders, who were following down fast, gathered in the leather. The numerous attempts which were made to return kicks also met with little success. This is a good play when the backfield is composed of steady players and sure kickers who allow themselves plenty of room when getting the ball away, as the continual running back and forth which these tactics impose on the other wing line soon wears out even the best conditioned players. Yesterday, however, the McGill backs were kicking when surrounded by tacklers or when running at full speed with an almost clear field ahead of them, with results which could only be disastrous. Many of the returns were extremely weak attempts, went into touch or were nipped in the bud by the Montreal wings. With a team like Toronto to face on Saturday, this looks to be the most dangerous fault of any which the team has shown to date. The Varsity wings are noted for the speed with which they follow down under kicks, and unless there is a great improvement in the work of the Red and White backfield before that time there is no telling what will happen. Possession of the ball counts for a great deal in football, and unless it is possible to get the returns away with precision the play is exceedingly dangerous, as the opposing team may gain anywhere from twenty-five to fifty yards when it fails to come off.

The wing line, although it showed that it could be strengthened in several places with advantage, played steadily throughout, tackling, apparently, being the department of the game in which the men are weakest. As most of the plays tried were end runs and outside kicks in which the backs only were used, it is impossible to form an opinion of the offensive strength of the line. McGill has always been fortunate in having good outside wings in the past, but with Jeffrey and George Laing moved to the back division this department of the team is causing the coach considerable trouble. Ross Lang, who has been playing one of the outside positions a most of the practises, was yesterday moved to the back division into George Laing's place, Kennedy and Rodden starting out at the ends. During the course of the play Shag tried out several men in these positions, however, and it is

here that he will probably devote a good deal of attention for the next two days. The lanky coach has performed wonders with the McGill team before this, however, and with yesterday's lesson before him it would not be surprising to see the team show greatly improved form when they clash with Varsity on Saturday.

George Laing and Bill Hughes were absent from the line-up when the team went on the field, Ross taking the place of the latter, while Lang took the place of his namesake on the half line. Jeffrey and Montgomery alternated at quarter, both of the latter played consistently throughout, and saved the situation on more than one occasion. Jeffrey did most of the kicking, and did it well, his running also being of the high class variety. Lemay, who was brought back a couple of times on kicks, got them away nicely, but it is not likely that Shag will use him for this regularly. He also made a nice run when given the ball a few yards from the McGill line, the ball going to midfield, where Quilty missed the pass and gave the ball to Montreal.

McGill opened the scoring early in the practise, Ross Lang going around the right end on a fake shortly after the beginning of play. Jeffrey took a pass from Lang a few minutes later and repeated the performance. After Seath had fumbled a punt on the thirty-yard line Montreal began to press and finally Crankshaw bucked over for a touchdown. From the kick-off McGill worked the ball down the field until Lemay kicked one over for a rouge. This ended the scoring for the afternoon, neither team being able to score when close to the opposing goal. The coaches decided that they had had enough and called their men off the field.

## PLAYERS TO BE GIVEN NUMBERS

On Saturday Spectators Will Be Able to Distinguish Individuals

The McGill and Varsity players in Saturday's game will all be numbered, so as to enable the spectators to distinguish the men apart. It is very difficult often, even for the particular friends of the players, to make out who who, and it is next to impossible for the people who only see the men once or twice every season. This numbering of the men has been an innovation long desired by many followers of the game, and is sure to be met with hearty applause from the fans when the teams appear on the field on Saturday. Programmes will be printed, giving the players' names and the number which is his. Large white numbers have been made and sewn on the back of the players' sweaters. These numbers show up very prominently, and can easily be distinguished at a fairly long distance.

Evidently a feeling of superstition pervades in the McGill rugby camp, for the management have very carefully avoided giving the numbers thirteen or twenty-three to any of the men. There are twenty-two men who have been given numbers, and as men are added to the squad they will be given a number. Captain Pep Paisley has number one, and the remaining numerals are allotted as follows:—2, Geo. Laing, 3, Jeffrey, 4, Quilty, 5, Monty, 6, Williams, 7, Reid, 8, Trapp, 9, Brown, 10, Hughes, 11, Waterous, 12, Lemay, 13, 14, Ross, 15, Kennedy, 16, Rodden, 17, Roseburgh, 18, Forbes, 19, McCall, 20, Woollett, 21, Ross Lang, 22, Seath, 23, 24, Dempster.

## TRACK CLUB DOING WELL

McGill Men Now Training at the M.A.A.A. Grounds in Westmount

Tom Graydon's smile continues to grow. Yesterday's work out of the Track Club, although somewhat lacking as far as numbers were concerned, was entirely satisfactory from the view point of the amount of enthusiasm displayed. As yesterday was the first time the Westmount grounds were open for general use by the McGill Track Club, doubtless many had not noticed the change. Hereafter on Monday, Wednesday and Friday, Coach Graydon will be at the M.A.A.A. and the other days on the campus.

Heron and Martin were the first to show up, and they both put in some good work in starts and short sprints. The former looks to be in fine fettle and, barring accident, will doubtless be one of our strongest men this year. Fraser was out again, but did not try any very heavy work, as he is in pretty good shape already. Last year Fraser did not live up to expectations, but is hoping to startle the fans when he gets into action. He has been watching himself this summer and so does not need to take off much weight in order to be in good condition. It is well known that he has the speed, and he is certainly going to let it out this fall.  
Cushing is working regularly at the pole vault while Don Smelzer is looking after the high jump. Both of these men are acquiring a splendid style and at present are quite content with clearing a much lower mark than they are capable of. Smelzer, at the present rate, will be the very acme of grace in the high jump long before the inter-collegiate meet.

Hiller was taking things easy in the sprints, but expects to be well conditioned by Monday. Lockyer, a new man, was along with him, and may fill in the gap for the 440 yards. Others who were exercising in various ways are Alberga, Trebble and Pope.  
The entries for the Fresh-Sen meet are quite numerous, but all who have any ability are urged to sign up today. This especially applies to Freshmen, since it is always easier to get into a sport when the spring cools. The longer one waits the harder one finds it to make the break and the probable result will be a loss of interest in athletics, a most lamentable consequence of lack of decision.

## "OUR LEADER"

Is a Gentleman's Suit which we carry in two styles, but in a great number of different patterns and colorings, and in some patterns we carry two pair of trousers, which always gives you an extra pair of pants, practically making two suits in one.

We have the peaked and the plain notch rolling lapel. The peaked lapel 16 inches and the plain 14 inches, both styles have three buttons. You can either button one, two or three. This suit has a breast pocket and the other usual pockets.

The vest is made to button fairly high, and the trousers are made on the English lines. You can have them either made plain or with the cuff, as they are in semi-finished condition.

This suit we can give you for \$14.75. If you wish it with extra trousers it is \$4.00 more.

## McGill Students!

The MacMillan Company, of Toronto, have appointed us as Montreal representatives for the medical books. The same may be obtained in our Book Department at the following prices:—

**RAWLING**—Landmarks and Surface Markings of the Human Body ..... \$1.50

# THE MILITARY HAPPENINGS AT OLD McGILL

## EXTRACT FROM 1914 INFANTRY TRAINING INSTRUCTION NOW IN FORCE IN THE ARMY

Taken From the Latest Manual of Infantry Training for the Benefit of Anyone Connected with the Military Movement at McGill—Sections 36 to 41

### SQUAD DRILL IN TWO RANKS

#### 36. FORMATION OF A SQUAD IN TWO RANKS.

The squad will now be formed for drill in two ranks. The men will take their places in succession, commencing from the right, unless they are ordered to form on the other flank, each occupying a lateral space of 27 inches. Each man of the rear rank will be placed 60 inches from the man in front of him, measuring from heel to heel, and will cover him correctly, the two men thus placed forming a file. When the squad consists of an uneven number of men, the third man from the left of the front rank will be a blank (or incomplete) file; that is, he will have no rear rank man. Squads will dress by the right unless otherwise ordered. The instructions for dressing by the right in the following sections may be varied so as to apply to dressing by the left.

#### 37. DRESSING.

Right—Dress (after the word Halt only). In all cases, except after the word Halt and at ceremonial drill, a soldier will take up his own dressing without orders. After the word Halt a soldier will stand steady. If it is necessary to correct the dressing, the command Right (or Left)—Dress will be given. Each man of both the front and rear ranks, except the right (or left) file, will look towards the right (or left) with a smart turn of the head, and will move up or back to his place successively, commencing with the nearest right (or left) file. Rear rank men must also correctly cover their front rank men. Each man will look to his front as soon as he has got his dressing.

#### 38. NUMBERING A SQUAD.

Squad—Number. The men of the front rank will number off hastily as in Sec. 29. Each rear rank man will listen to the number given by his front rank man, which number will also be his own.

#### 39. OPENING AND CLOSING A SQUAD.

Open Ranks—March. The odd numbers of the front rank will step forward two paces, the even numbers of the rear rank will step back two paces; as soon as the paces are completed, the men who have moved (except the right-hand man of each of the four ranks) will look to the right and correct the dressing quickly, looking to the front as soon as the dressing is correct. Re-form Ranks—March. The odd numbers of the front rank will step back two paces, the even numbers of the rear rank will step forward two paces, and as soon as the paces are completed, the squad will dress by the right, without word of command.

#### 40. MARCHING IN LINE.

By the Right (or Left), Quick (or Double)—March. The whole will step off, the front rank man of the file on the named

flank taking a point to march on. The men of each rank, except the directing file, will glance occasionally to the named flank to maintain their dressing. The men of the rear rank will also preserve their covering and distance from the front rank.

If there is a blank file, he will always be with the front rank; when the squad is turned about on the march he will step out to gain his place in the new front rank; if the squad is turned about at the halt he will take two paces forward after turning about.

Note.—When a squad turns about the ranks are thereby changed, and the former rear rank becomes the front rank, the former front rank the rear rank.

When, however, the squad is required to fall back for a short distance only before resuming the original direction, ranks will not be changed. In this case the command will be The Squad will Retire, About—Turn, and on completion, The Squad will Advance, About—Turn.

2. The diagonal march. As in Sec. 33. The men of the rear rank will preserve their relative positions with the men of the front rank, in order that they may cover correctly when they are again turned into line.

#### 41. MARCHING IN FILE.

1. Turning into file. Right—Turn. The whole will turn to the right (or left), and lead on in that direction without checking the pace. The men of the rear rank will dress by their front rank men.

2. Changing direction. Right—Wheel. The inner man of the leading file will move round a quarter of the circum-

ference of a circle having a radius of 4 feet, stepping short to enable the outer man of the file to wheel with him. When the quarter circle is completed, the file leads on in the new direction. The other files in succession will follow in the footsteps of the leading file without increasing or diminishing their paces from each other or altering the time.

Note.—If the squad is halted, or ordered to mark time, when only a part of it has wheeled into the new direction, the remainder will cover off as directed in Sec. 33, 3, on the command Rear File—Cover.

3. Forming squad. On the Left (or Right), Form—Squad.

The left-hand man of the leading file, if the formation is on the left (or the right-hand man of the leading file, if the formation is on the right), will mark time.

The remainder will make a partial turn in the named direction and form upon him, marking time as they come into the alignment.

Forward. The squad will move on in line in the direction in which it was originally marching in file.

Note.—1. After forming squad on the right, the left will normally be ordered to direct.

2. If desired to halt on completion, the command will be At the Halt, on the Left (or Right), Form—Squad. The left (or right-hand) man of the leading file will halt and the remainder will halt and dress as they reach their places.

3. The squad may be formed obliquely to the line of march by the command Halt (or quarter) Left (or Right) Form—Squad.

4. Forming single file and two deep. ADVANCE IN SINGLE FILE FROM THE RIGHT. QUICK—MARCH.

The front rank man of the right file will march off, followed by his rear rank man, who will be followed by the front rank man of the second file, and so on.

Note.—1. If the squad is halted in file, the command will be Advance in Single File, Quick—March. If the squad is marching in file the command will be Form—Single File. The front rank man of the leading file will then lead on, the remainder marking time to get into their places, and following on as described above.

2. A squad may similarly advance in single file from four.

Form—Two deep. The leading man will mark time, the remainder of the squad will regain their positions in file, marking time as they reach their places.

Forward. The squad will move forward in file. Note.—If it is desired to halt on completion of the movement, the command will be At the Halt Form Two—Deep, when the leading man will halt, the remainder halting as they reach their places in file.

## APPRECIATIONS OF UNIVERSITY'S LOYAL SPIRIT

Still Come In to Graduate Society Accompanied by Subscriptions

Not only are the McGill graduates sending in their dollar in response to the appeal made by the Graduate Society, but many of them are writing letters also, from which it can be seen that they are doing much more than merely sending money. Some are subscribing through other sources, some have already left for the front, and many have relatives already in the firing line. They all think the idea a fine one, and are willing to do all they can in the future. The following are some lately received:—

A. E. Harvey, Montreal. "I think that perhaps the graduates of Old McGill might do something further along this line or in some other way to benefit the cause."

J. A. Johnston, East Brookfield, Mass. "Wish I could send twenty."

A. G. McBride, Mammoth, Arizona. "I wish to thank you for allowing me the privilege."

Dr. C. W. Haentschel, Haileybury, Ont. "Herewith my cheque for one dollar as designated. I am pleased to know that McGill is on the path and has put on the war paint."

J. L. Kingston, Boston, Mass. "Will gladly do what I can to forward the work."

J. M. Whitelaw, Toronto, Ont. "I thank you for affording us this opportunity; it is much appreciated and must do much good outside of the amount contributed."

J. D. Anderson, Newport, Vermont. "I am an old man, within a few days of seventy. I expect also to contribute to the Fund in several other ways, for no one can be deaf to the call of his country."

F. Johnston, M.D., Perdue, Sask. "I have a brother in the English navy, cousin in the English army; I lost three uncles in the Crimea, and my father and one uncle were through Sebastopol without a scratch. Wish I were able to be at the front."

H. Marjorie Goldstein, Westmount, P. Q. "I am very glad to notice that you are asking the help of the V. A. C. graduates as well as that of the men."

## MANY GRADS VOLUNTEERED

Upholding the Traditions and Honour of McGill in the Psychological Moment

### MR. LAWRENCE POWTER.

Mr. Lawrence Powter, who was a prominent member of the class graduating in Science during May of the current year is now on his way across the Atlantic as a gunner in the Fifth Montreal Battery. Mr. Powter was among the first who volunteered for active service in the artillery. While at McGill, Mr. Powter was an active supporter of all student activities and was responsible to a large degree for the remarkable success of last year's Rovers' Club. A few weeks prior to the outbreak of hostilities Mr. Powter played a heroic part in an unsuccessful attempt to save a drowning woman at one of the summer resorts. After diving repeatedly Mr. Powter succeeded in raising the body of the drowning woman, but unfortunately not before life was extinct. He passed the test successfully at Valcartier and is now on his way to the front.

### W. C. COMMON.

"Bill" Common, Arts '12, was during the year 1908 McGill's crack middle-distance runner, being successful in capturing the coveted "Big M." It will be remembered that he ran a close second to Lebert in the intercollegiate sports, when the latter equalled the record in the four-forty. "Bill" was during the term '10-'11, secretary of the Students' Council. He volunteered on the day on which war was declared and saw duty on the Lachine Cannon before his departure. He left for the war as a sergeant in the Royal Victoria Rifles in which regiment he is considered one of the best shots.

### A. L. LOCKWOOD.

Dr. A. L. Lockwood, Medicine '10, after graduating practised at Westport, Ont., for a few years. Last year he went to England to take a post-graduate course in a hospital. Lockwood was one of the first physicians to be accepted for Overseas service with the Royal Army Medical Corps. He at once proceeded to Belgium, where he is now rendering relief to the wounded.

### A. J. CAMERON.

Alex. Cameron was born in Winchester, Ont. He came to McGill in 1907 and graduated from Law in '10. In the same year Alex. obtained a commission in the Fifth Royal Highlanders. In 1913 he was promoted to a captaincy and at Valcartier was for a while quartermaster but before sailing was appointed adjutant. When a student, Alex. was indentured in the office of the Hon. C. J. Doherty.

## OFFICERS ELECTED FOR MEDICINE '17

L. C. Montgomery to Guide Destinies of Medical Sophomores

The annual elections of officers for Medicine '17 were held yesterday afternoon, the following officers being returned:

President, L. C. Montgomery; vice-president, G. E. Desautels; secretary, H. B. Church; treasurer, E. W. Lunnay; reading room representative, W. G. McIsaac.

## WHAT WAR MEANS

Sir William Osler Helping to Relieve the Exiles From Belgium

A letter from Oxford tells of the arrival there of refugees from Louvain University, and of students from other parts of Belgium. Professors are with their families; others are alone, having escaped from the burning town with only the clothes on their backs and enough money in their pockets to cross the channel to Folkestone. The ladies and children were overcome with the horrors of the situation and the professors stricken by the loss of their libraries, laboratories and the treasures of the Louvain University. One professor escaped from Louvain with his wife, two babies and a manuscript, said to be the only remnant of the famous collection in the Louvain Library.

The treatment which some of the University men suffered at the hands of the Germans has been savage in its violence. Old women, the wives of University teachers, have been horribly assaulted. The University, with the homes of those who worked there, have been burned and entirely destroyed. Hospitality is being most generously offered by members of Oxford University, but at the moment the financial demands are enormous, and with reduced incomes it is difficult to meet all calls. McGill's graduate, and former teacher, Sir William Osler, has staying with him a ruined Belgian professor with his wife and five homeless children. Lady Osler is actively helpful in the attempts to raise money for the purpose of relieving the immediate wants of these stricken people, feeling sure of the universal sympathy for the Belgians. She gladly receives any sums which may be sent to her for their relief.

## FREEMEN ELECT FURTHER OFFICERS

New Comers in Arts Choose Vice-President and Secretary-Treasurer

The election of further officers for Arts '18 took place yesterday. Mr. H. Hutchison was chosen vice-president, while S. Symonds was the choice for secretary-treasurer.

## STUDENTS' MISTAKE PRECIPITATES RIOT

Students of the University of Wisconsin tried to throw a boy into Lake Mendota Monday night mistaking him for a fellow student and precipitated a street fight in which three hundred students battled with as many citizens for hours. For an hour the Madison fire department poured streams of water into the crowd without dispersing the fighters.

C. R. Vanhise, president of the university, gave bond for the four students who were arrested and addressed the 1,500 students who surrounded the police station finally persuading them to return to their homes.

## CREDITABLE COMMENCING

In Equitation Class at the Montreal Riding Academy Yesterday Evening

The first lesson in horsemanship, as laid down in the Manual on Yeomanry, and Mounted Rifle Training, was given last night by Captain Reeb. There were seven men present at the drill of the first squad, which took place at 8 o'clock. The second squad, consisting of six men, came on an hour later. Considering that many present were having their first experience in the saddle, the class passed off very successfully. Nobody was thrown.

The squads were up to their full strength, although there were four absentees. They are now complete, and the entry lists are closed. If there are any members of the regiment anxious to form another squad, they will have to consult Capt. Reeb prior to getting a permit from Ottawa. At present this class is not connected with the battalion, and is only a movement organized by some of the members for the purpose of qualifying in equitation. After they have passed the tests of a regular examination an attempt at some definite arrangement will be made.

## 'VARSITY COMMENT ON OLD BOYS' GAME

Heard after old boys' game in Toronto. Referee Harry Griffiths—"It is too early to say much about the team's chances. However, if they learn to stick together to play their positions and play the game all the time, they will be all right, and will go a long way."

Billy Faulds—"They are a little light but should go a long way." Smirle Lawson—"Charlie Gage and Hughie Galt deserve all kinds of credit for getting the team in such good shape so early. They carry my best wishes with them to Montreal next week."

Charlie Gage—"The team is much ahead of last year's team at the same stage. The boys play a good game, and with a little more work together we will take them all go." Reddy Dixon—"The team is good enough to beat us, but I think that if we had had a Pulmotor on the field to revive the fossils we might have beaten them."

## MAY ABANDON ARMY AND NAVY FOOTBALL

As a result of a deadlock between the athletic associations at West Point and Annapolis over the question of where the football game should be played this year there is grave doubt as to whether the Army and Navy elevens will clash this fall.

Secretaries Garrison and Daniels agreed that it would be a fair plan for the two associations to enter into a ten-year agreement whereby one academy would pick the place for playing the game one year and the other the next, but because it was found that it was impossible to play the game in Washington this year the Navy would not consent.
